Dear Families,

As the visitation restriction continues, I again want to thank you again for your continued support and patience.

For this weeks' letter, I'd like to focus on admissions as the facility has begun to accept admissions.

As mentioned in our previous letter, we have begun taking admissions. Every new admission will be required to have a recent, negative COVID test (PCR testing) prior to admission. They will be isolated to their room with designated staff, wearing protective gear, caring for them until 14 days have passed. Before isolation ends, a repeat PCR test will be conducted to ensure they are negative before being encouraged to leave their rooms.

Due to limited isolation space, we are only able to service one, possibly two new admissions at a time. The safety of our current residents is our priority. Thus far, the admissions process has gone well. Please feel free to contact either myself or Dereth Gehlhausen for questions or concerns: 367-4161.

Sincerely,

Dawn Walker, RN, NHA
